- 11-Bambusa multiplex ‘silver stripe’
- 12-Dendrocalamus ‘strictus’(solid)make fish gaffs, furniture
- 13-Gigantochloa green (12” diameter, 100ft.tall)
- 14-Dendrocalamus minor amoenus (angel mist)
- 15-Bambusa emeiensis flavidavrens
- 16-Bambusa emeiensis Viridiflavus (so thick, rat cannot go thru)
- 17-Bambusa textilis Kanappaha (royal king)

18-Bambusa ventricosa (Buddha's Belly)

19-Bambusa multiplex gold stripe

20-Yellow Buddha's Belly) (New)

Running Bamboo

Running bamboo starts growing (shooting) mid-March and is fully grown by end of May or June.

23-Phylostachys edulis "MOSO" Giant timber (farming income)

24-Phylostachys dulcis 'sweet shoot'

25-Phylostachys nigra 'black' (farming income)

26-Phylostachys vivax 'Aureocaulis

27-Phylostachys medaka 'Japanese timber

28-Pseudossa japonica 'arrow bamboo'

29- Green Vivax

30- Tonken cane---Garden stakes, Fly rods (farming income)

Banana

35-mewa ice cream, java blue. Creamy vanilla banana taste

36-Burro, lemon tint in taste, cook green like plantain

Non bamboo

37-CREPE MYRTLE

A-Natchez white 6-10'

B-Miss Francis red 6-10'

C-Tuscarora pink 20'

D-Sioux pink 10-20'

CREPE CONT.

E-Tonto 8-10' watermelon

F-Catawba 10-20' purple

ELEPHANT EAR

A-Alocasia Borneo Giant Upright Leaves.6'
